

Date: 22/01/2021**Object: DECLARATION REACH REGULATION (CE) no.1907/2006**

The company AIGNEP S.p.A. Via Don G. Bazzoli, 34 - 25070 Bione (BS) - Italia

DECLARES

that the copper alloys used to manufacture its products can contain the substance Lead (Pb), included in the list of SVCH substances on 06/27/2018, in concentrations even higher than 0.1% w / w.

Substance	CAS / EC	List	Inclusion date
Lead (Pb)	CAS: 7439-92-1 EC: 231-100-4	SVHC	27 June 2018

Furthermore, Aignep declares that it is not directly involved in what is provided for by the Regulation regarding the procedure for registering chemical compounds as it is not a producer of substances or preparations but only a user.

These materials are purchased by companies that have proceeded to ask themselves in compliance with what the Regulation prescribes.

In any case, the normal or reasonably foreseeable use of our items does not involve particular precautions. Only for disposal at the end of their life, it is recommended not to subject the items to mechanical processing such as cutting or drilling, which could cause exposure to the aforementioned substance or its dispersion into the environment.

Aignep declares that it constantly monitors the inclusion of new substances in the list <https://echa.europa.eu/candidate-list-table>. The last update is from 19/01/2021.

In the event that these substances are contained in the products supplied by us, we will promptly inform our customers.

As established by Directive (EU) 2018/851, Aignep has provided for the communication on the SCIP database of the articles containing SVCH substances with a concentration higher than 0.1% weight by weight.

Below the table with SCIP numbers according to the family of articles.
