This document is intended to declare to Aignep customers that the series

50000 - 55000 - 57000 - 40000 - 70000 - 58000 – 88000 - 87000 - 85000 – 89000 - 84000 - 1000 - Function - Ghilux - Adapters - 1800 - 15000 - Quick coupling - Electropneumatic valves - 9000 - 10000 - 13000 - FRL - Cylinder - Infinity – Fluidity

produced and sold by Aignep contain substances which are listed on California's Safe Drinking Water and Toxic Enforcement Act of 1986, as indicated in the table below.

Chemical	Cas. No	Date listed	Max	Type of toxicity
Lead	7439-92-1	02/27/1987	3,5%	Developmental toxicity Male reproductive toxicity Female reproductive toxicity

Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986) is a Californian law that requires businesses to notify Californians about significant chemicals that cause cancer or birth defects or other reproductive harm. The law requires that no person doing business knowingly and intentionally exposes an individual to a chemical known to the state of California to cause cancer, birth defects, or reproductive toxicity without first giving a clear and reasonable warning.

The Proposition 65 list can be accessed at the link https://oehha.ca.gov/proposition-65/proposition-65-list.

Aignep continues to monitor Proposition 65 for newly listed substances and to compare these substances with the raw materials in its products. Any changes to the status of Aignep manufacturing compliance to Proposition 65 will be communicated to its customers
